Attached is your draft with my proposed edits/comments to the response to Mr. Driver. They are the same as the comments that we provided on the end of the response to SELC, which I stated would also apply to the letter to the former TDEC employees.

Re the control for the Reverend Hammond's letter, I didn't see a draft of a proposed response, so the response to the Reverend that was attached to your email is the first that I saw a response or draft response, although I had provided some informal feedback when I first read the Reverend Hammond's letter.

Martha,
SEMD has prepared the attached response to the Driver letter. It is modeled on the HQ-lead control letter responding to the letter from former TDEC officials and the recent Hammond response (both attached).

We plan to route for signature tomorrow afternoon due to DD's schedule.

Cathy

Cathy/Glenn – Please forward a draft response to us, and we will review and return it to you. If you would like to talk first, just let us know; although it doesn't seem to need up front planning.

I am in all of this coming week (but Tuesday afternoon and Wednesday afternoon, I'm in American Bar Ass'n sessions that EPA paid \$\$ for; so I'll be in those sessions). My schedule for the week leading up to Christmas is also limited.

Hi Mary and Martha, please coordinate with the program on developing a response to this control.

Thanks,
Suzanne

Good morning. The attached has been assigned to SEMD for your response. The control's due date is December 24, 2021. Once the response is completed please forward me a copy of the signed and dated document for closure in CMS.

Please let me know that you accept this assignment. Additionally, with the recent changes in SEMD please let me know if I need to update the distribution list for those receiving theses assignments.

Thanks so much

Wanda E. Hudson
